

Boarding School Fees

Secondary School and IB Diploma Programme

Our boarding school fees cover most of the costs associated with attending the International School of Schaffhausen as a boarding school student enrolled in the IB Programme, Pre-IB Programme, or the US High School Diploma Programme. These fees include classroom instruction, learning materials, and full boarding while school is in session.

| | | |

All school and boarding fees are payable in Swiss francs, and any exchange rate losses are the responsibility of the family.

For students holding residency in countries not part of the EU or EFTA a student visa is necessary.. As part of the visa requirements, the yearly school and boarding fees have to be paid in advance. A confirmation of school fee payment is required as part of the documentation needed for visa applications. The school will send an invoice once the enrolment is completed. This invoice must be paid prior to the visa application. For students who do not require a visa, the ISSH Financial and General Regulations apply as outlined in the enrolment form.
